Blue Chip®

DATACENTER TRANSFORMATION

Integrate. Modernize. Optimize.

Whether it's moving to the cloud or integrating disparate systems, Blue Chip Consulting Group can help you experience true IT transformation.

Delivered by a team of diversified specialists, our Datacenter Transformation offering helps you modernize your infrastructure, lower your total cost of IT ownership, and experience greater agility. How?

Our proven methodology allows us to eliminate the technical roadblocks associated with everything from mergers and acquisitions to the hybrid cloud. Combined with the latest cloud and security technologies, we can ensure you achieve success.

GET INTEGRATED

We successfully integrate disparate systems into one, optimized platform. And with over 14 years of experience in IT delivery for mergers, acquisitions anddivestitures, no challenge is too complex.

MOVE TO THE CLOUD

Need to lift and shift your workloads to Azure? Looking to modernize applications for PaaS or into containers? From cloud planning to deployment, we can help you move to the cloud.

OPTIMIZE OPERATIONS

Through ongoing DevOps and Operations as a Service, we can help you realize the full value of your cloud infrastructure. Not to mention, we can free up IT so they can focus on strategic initiatives. Win-win, right?
